January Home Maintenance Checklist

Now that the holidays are over, you might be left thinking, "Now what?" Aside from the obvious—retiring the light-up reindeer and salting your sidewalk to avoid unintentional triple axels—January is perfect for a little pre-spring cleaning and careful inspection of your home.

1. Clean the kitchen
2. Get organized
3. Do house maintenance
4. Inspect bathrooms
5. Prepare for emergencies
6. Upgrade outside
7. Keep your devices running smoothly
